

# 50W ATTENUATOR

## Product Number

1777017

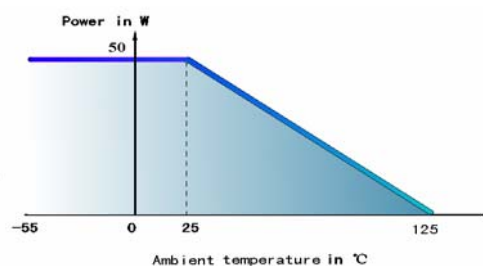

## Features

- Low VSWR
- Small Size
- Delicate appearance

## Specification

|                 |                      |
|-----------------|----------------------|
| Frequency Range | DC-3G                |
| VSWR            | <1.20                |
| Power           | 50W                  |
| Impedance       | 50 $\Omega$ $\pm$ 2% |
| Attenuation     | 1—30 dB              |
| Connector       | Nf/Nm                |
| Weight          | 650 g                |
